QWORLD

UNIVERSITY OF LATVIA | FACULTY OF SCIENCE AND TECHNOLOGY

QCOURSE 581-1

Selected Topics in Quantum Science and Technologies

February 2026 - June 2026

CERTIFICATE

Marcos Jiménez

Undergraduate level, 3 ECTS credits
(32 academic hours and 48 individual study hours)
Accreditation: This edition was conducted in collaboration
with the Department of Computing, University of Latvia.
The course was delivered under the local course code "DatZD028".

Prof. Guntis Arnicāns
Head of the Department of Computing, University of Latvia

Dr. Jibran Rashid
QWorld & QPakistan

Rumlah Amer
QWorld & QPakistan

Prof. Abuzer Yakaryılmaz
Department of Computing, University of Latvia

Diploma Number: QCourse581-103

Content: The course consisted of three modules: Quantum Error Correction (QEC), Quantum Key Distribution (QKD), and Quantum Machine Learning (QML). QEC was led by Abdullah Khalid, QKD was led by Aeysha Khalique, and QML was led by Claudia Zendejas-Morales.
